

Complementary Course Outcome

Computer Science

Sl No	Name Of the Paper	Outcome
1	Computer Fundamentals	<ul style="list-style-type: none">• To understand the basics of computer organization• Familiarization with the number systems and conversions• To understand the Boolean Algebra basics
2	Fundamentals of System Software, Networks & DBMS	<ul style="list-style-type: none">• To understand the basic concepts of OS and system software, networks and DBMS• To understand the basic queries in SQL
3	Problem Solving Using C	<ul style="list-style-type: none">• Develop Problem Solving and Programming Skills• Understanding various concepts of C language• Familiarize the basic programming in C
4	Data Structures Using C	<ul style="list-style-type: none">• Obtain an awareness about algorithms and complexity• Learn the concept of various data structures, implementation and applications
